

SPECIFICATION AND TECHNICAL INFORMATION

GREY SENA

Material Type: Limestone

Available Sizes: Contact us

Thickness: Contact us

Finishes: Contact us

TECHNICAL DATA

Weight per Volume	2603 kg/m³
Compression tensile strength	1203 kg/cm ²
Compression tensile strength after freeze-thaw cycles	1121 kg/cm ²
Tensile strength due to bending stress	180 kg/cm ²
Coefficient of thermal expansion	N/A
Coefficient of imbibition	1.35%
