

Specification and Technical Information

RED GIANT

Material Type: Marble

Available Sizes: *Contact us*

Thickness: *Contact us*

Finishes: Polished, Honed, Brushed, Flamed

Classification:	Marble
Availability:	Limited
Average block dimensions:	Medium
Main application:	Inside/Outside
Slab variation coefficient:	Medium
Compression tensile strength:	950 kg/cm ²
Tensile strength after freeze-thaw cycles:	750 kg/cm ²
Unitary modulus of bending tensile strength:	95 kg/cm ²
Heat expansion coefficient:	0,0056 mm/m°C
Water imbibition coefficient:	0,005700
Impact strength:	52 cm
Frictional wear:	-
Mass by unit of volume:	2730 kg/m ³
